Notice!

To the Stockholders of the Edgefield Odd Fellows and Masonic Building Associ'n: GENTLEMEN :- At a meeting of the Stockholders in October 1854 the following Resolution was adopted, viz:

Resolved, That the Stockholders be and are ereby required to give their Notes payable six months from this date, with interest from the 1st January 1855, for all the Stock not yet called in, and that their Notes be endorsed by the President of the Company, and offered in payment of the in-stalments due by the Company.

Gentlemen, it is my duty to inform you that many have not complied with the requirements of the Resolution, although I have sent to most of them twice. The amount of each individual is so small that they treat it with indifference, thinking they will attend to it soon, and forget it. Our Building is now rapidly advancing to completion and we must have money or good notes to pay the Contractor. Indeed, we are now due him a large part of the last instalment, and another will be due

Gentlemen, I think I have said enough, and that ou will no longer delay, but come forward at once and pay your Stock, either by money or note to S. Goode, Treasurer. A. G. TEAGUE, Pres. Nov 12

SPECTACLES, &c., ground on the exact principles of Spherical Accuracy, by A. GEDEON, the celebrated Optician, from the Improved Specta-cle Manufactory and Berlin Optical Establishment, No. 107, Frederick William street, Berlin, established more than a century ago. Prof. GEDEON submitting to the request of a great many persons of Edgefield and vicinity, will visit that place on the first Monday in December

for ONLY TWO DAYS, positively, as other en-

gagements prevent him from staying longer. He may be consulted at his Rooms at the Carolina Hotel, Edgefield C. H., on those two days. Office hours from 8 A. M. till 5 P. M. These celebrated Glasses deserve to be particularly recommended for their density and transparency for, as Spectacles are designed to remedy the defects of principles by manufacturing his Glasses out of Scotch Pebble, the only substance analogous to the humors of the eye, and has constructed them in accordance with the Philosophy of Nature, in the peculiar form of a Concave Convex Mirror. These Spectacles enables persons of weak eyesight to pursue the most minute employment, either The average crop of this place, for a series of years has equalled, it is believed, that of any plantation in the District.
